REPORT OF THE COUNTY CONVENTION.

To the County Commissioners of Coos County:

Gentlemen:—At a meeting of the Coos County delegation held at State House, Concord, on Feb. 16, 1893, it was voted that \$25,000 be appropriated for each of the years 1893-94 for county purposes. There was also voted at the same meeting \$15,000 for the erection of a suitable building for the insane; authorized the Commissioners to purchase iron bedsteads and beds and bedding and piping for the county almshouse, and to make any other needed improvements about the premises.

At a meeting of the above delegation held at State House on March 31st, 1893, an advisory committee of four, Messrs. Beattie of Lancaster, Van Dyke of Stewartstown, Gilbert of Berlin and Noonan of Gorham, was chosen to confer with the County Commissioners in regard to the proposed building for the insane, and to adopt or agree upon plans for said building to present before the county delegation.

The delegation then adjourned, subject to the call of the chairman, to meet at West Stewartstown for the purpose of considering and accepting said plans, and selecting site for said building for the insane.

JOHN F. NOONAN, Secretary.

Gorham, N. H., April 11th, 1893.

COMMISSIONER'S REPORT.

To the Citizens of Coos County:

The Commissioners of the County of Coos, agreeably to the laws of the state, herewith submit their report for the year ending December 31st, 1893, together with the reports of the Superintendent of the Almshouse, Physician, Clerk of Court, Sheriff, Jailor, Solicitor, Clergyman, County Treasurer and Auditors.

The past year has seen many changes in the buildings at the Almshouse at Stewartstown.

Soon after the present board of Commissioners assumed the direction of the County affairs, they met by appointment at West Stewartstown a committee of the Coos County delegations in the New Hampshire Legislature for the purpose of determining the best manner of improving the County buildings.

The Commissioners had the plans and specifications for a new insane ward ready, and had also selected a location for the same, subject to the approval of the delegation. These plans and location were approved by the delegation, and the Commissioners were given authority to proceed with the work. We at once commenced the building of the insane ward, tore down the old ward, and gave the other buildings a general overhauling, and they have all been put in such condition as warrants the Commissioners in saying that the Coos County Almshouse is not surpassed by any in New Hampshire.

The old boiler at the Almshouse has been replaced by a new 75 h. p. boiler, which has stood a test of 150 pounds cold water test, and was insured by the parties furnishing it for two years free of expense to the County. There are perforated spaces at the top of the wall in each cell, by means of which heat is admitted, which precludes the

possibility of inmates injuring themselves by contact with the hot pipes.

The expense of the heating apparatus was larger than we anticipated, as it was found that the flue of the old chimney was too small to furnish the necessary draft for the new boiler, and that all of the old piping had to be taken out, and larger pipe used. A new chimney seventy-five feet in height was built.

The old pipe between the reservoirs has been replaced with new two inch galvanized iron pipe, and the reservoirs have been enlarged to nearly double their former capacity. About 300 feet of 2 1-2 inch hose for hydrant purposes has been purchased.

Stand pipes have been placed in both buildings. They extend from the first floor to the top of the buildings, through the halls, and a supply of hose is ready for almost instant use on each floor. In case of fire a stream of water could be put on the flames in less than half a minute.

A new furnace has been put into the Jail at Lancaster, which puts that institution in excellent condition.

The case of the County against the insurance companies for the recovery of the insurance on the Court House burned several years ago, remains virtually the same as at the time of the last report. It is before the Supreme Court of the United States and will probably be decided within a year.

The appropriations have failed to keep pace with the growth of the County. The County has increased in population in the last five years about 25 per cent., and in the last two years the appropriations have decreased 20 per cent.

All the county buildings are in almost perfect condition. A cordial invitation is extended to all to visit the different institutions and buildings and have an opportunity to form an intelligent opinion of the same.

The expense of the work this year has been necessarily large, but the Commissioners believe the condition of the

county buildings to be such that but a very small sum will be required to keep them in repair for many years.

We refer you to the report of the Superintendent of the Almshouse for what has been transacted at the County farm the past year, and we wish to extend to Mr. and Mrs. Marshall our thanks for their untiring labors as Superintendent and Matron, and we feel confident that for industry, kindness and interest for the inmates, they are hard to excel.

For the financial condition of the County we refer you to the Treasurer's report. The apparent increase of the County debt of \$26,305.43 includes \$15,000 which we were authorized by the County delegation to expend on the County alms buildings, the actual cost of which was \$16,635.84, leaving an actual increase of the County debt for current expenses of \$9,669.59 for the year.

We have this last year deemed it advisable to keep a night watchman at the Almshouse for the better protection against fires, which has increased our expenses somewhat. To the overseers of the poor in the County we would express our thanks for the interest they have taken in the care of the unfortunate poor, and would especially request that they would *personally* present to the Commissioners during the first week of each term of court, all legal claims which the several towns hold against the County for the support of paupers.

The County Commissioners also request the selectmen of towns and the overseers of the poor to notify the Commissioners of all pauper cases requiring county relief, in order that the Commissioners may be able to make proper disposition of each case as it occurs. The blank form of affidavits will be furnished on application by the Commissioners.

Respectfully submitted,

B. C. GARLAND,
H. F. MARSTON,
OTIS YOUNG,

PHYSICIAN'S REPORT.

To the Commissioners of Coos County:

Gentlemen:—At the close of the year I submit the following report of the vital statistics of the Coos County Almshouse for 1893:

DEATHS.

BIRTHS.

Oct. 20, Nellie M. Johnson.
Dec. 20, Ina M. Streeter.

During the year there has been no epidemic of any contagious or infectious disease. There still remain about the usual number of chronic invalids, who need and receive, from Mr. and Mrs. Marshall, those little attentions which render their lives pleasanter, and which add much to the comfort and well-being of this unfortunate class. The many improvements introduced the past year are a source of pleasure to all concerned, and are of a perma-

ment character. They have been so often described in the county papers, and will doubtless form a part of the report of the Commissioners, that any remarks from me are uncalled for. In behalf of those who have been sick, I tender my thanks to all concerned in the care and management of the house, and at the same assure them that the many acts of kindness received at their hands are duly appreciated.

Respectfully yours,
ARTEMAS WARD, M. D.

CLERGYMAN'S REPORT.

To the Commissioners of Coos County:

Gentlemen:—The Superintendent, Mr. Marshall, has suggested that I make a report of my visitations and services at the County Farm; a suggestion I readily comply with.

I would state that the inmates, who are able, have freedom to attend all the regular services at the church, only about half a mile distant. Three pews are owned by the County. Those who attend occupy these pews.

Once a month we have a praise and preaching service at the house. This service is always largely attended by the townspeople. The number of inmates who attend this service is fairly good, perhaps we might say very good, considering previous circumstances, and also that the attendance at the service is voluntary.

Unless in special cases, all inmates who die in the Institution have regular funeral services. By reason of other duties, I have not given the time and personal work I would like to give to the inmates. With the co-operation of the Superintendent, I hope for good results.

Respectfully,
J. N. WALKER.

SOLICITOR'S REPORT.

To the Citizens of Coos County:

On assuming the duties of this office last April, I found the following cases undisposed of:

State v. Percy Summer Club (case still pending).

State v. Richard Twombly, Edward Hildreth and Walter Colby. Larceny. Colby's bail chancered to \$100. Case continued.

State v. Freeman H. Holmes. Two indictments for incest. Respondent out of jurisdiction.

State v. John M. Mathes. Two indictments for illegal sale, and one for keeping for sale.

In the three cases against Mathes, an investigation of the facts being made, it was apparent that a trial would be likely to result in defeat and the County be accordingly put to needless expense. They were therefore dismissed upon the payment of costs by respondent.

State v. E. C. Amey. Seven cases for illegal sale of

spirituous liquors. In all of these cases respondent was arraigned, and pleas of "nolo contendere" entered, sentence imposed and execution of same suspended while out of business.

State v. P. J. Noyes. Three cases of violation of law against selling spirituous liquors. These cases were dismissed by the advice and consent of the Attorney General.

State v. Merriam & Johnson. Three cases for violation of law against selling spirituous liquors. Respondent arraigned, pleas of "nolo contendere" entered, fines imposed and paid.

State v. Chester Ball. Three cases same as above. Arraigned, pleas of "nolo contendere" entered, fines imposed, and sentence suspended while out of business. Costs paid by respondent.

State v. John H. Carney. Three indictments. Attempt to murder; assault with intent to murder, and malicious trespass. The state was ready for trial at the April term of court, but it was continued because of sickness and pressing business of counsel for the defense. At the October term, the complainant, Mr. E. J. Bonett, an important witness, was unavoidably prevented from being present and the case was again continued. Respondent recognized in the sum of \$1,000. The case will be tried at April term, 1894.

State v. Lyman E. Goodale. Embezzlement. Case not to be brought forward.

State v. Oscar Bothell. Forgery. Not to be brought forward.

State v. Earl Hibbard. Larceny. Bail chancered to \$100 and paid. Not to be brought forward.

State v. Asa Gotham. Larceny. Out of jurisdiction.

State v. Frank Presby. Assault. Not to be brought forward.

At the October term, 1893, 28 indictments were found as follows:

Chas Coe, alias Chas. Bradley, larceny of a team. Plea guilty, sentence one year in State Prison.

Lewis L. Jackson, two indictments for illegal sale of spirituous liquors. Plea "nolo contendere," sentence imposed, and execution of same suspended while out of business. Costs paid by respondent.

Town of Lancaster for neglecting to repair highway. Repairs having been made immediately on indictment being found, no notice was given to town and the case was continued.

Fred Murray, alias Fred Bailey, breaking and entering Grand Trunk railway cars at Gorham in the night time and stealing therefrom. Plea guilty, and sentenced to three years in State Prison,

Fred Murray, alias Fred Bailey, breaking and entering post-office at Gorham. Plea guilty, and sentenced to five years in State Prison.

Edward Bolanger. Burglary. Plea not guilty. Tried and acquitted.

Henry Marble. Embezzlement. Plea not guilty. Case continued.

John O'Connor, three indictments for illegal sale of spirituous liquors. Plea "nolo contendere." Fines and costs paid by respondent,

Calvin J. Fuller, two indictments for illegal sale of spirituous liquor. Plea "nolo contendere," sentence imposed and execution of same suspended while out of the business. Costs paid by respondent.

Albert Evans, two indictments for illegal sale of spirituous liquor. Respondent having gone out of business, the cases were settled by the payment of the costs.

E. C. Amey, two indictments for illegal sale of spirituous liquor, and one for keeping for sale. Plea "nolo contendere," sentence imposed and execution of same suspended while out of business.

Abraham Bernier. Keeping for sale. Respondent out of jurisdiction.

Andrew Decota. Assault with intent to kill and ag-

gravated assault. Plea guilty as to the latter. Sentenced to one year in the County Jail.

Allen Ruggles. Perjury before the Grand Jury. Respondent gave bonds to appear at court when called for.

Benj. F. Hoyt and Frank Hook. Burglary of post-office at Grange. Turned over to the authorities of the United States.

Classified according to the nature of the offence, the cases on the docket at the April term stand as follows:

State v. Percy Summer Club, 1; embezzlement, 1; forgery, 1; receiving stolen goods, 1; assault, 1; cruelty to animals, 1; assault with intent to murder, 1; attempt to murder, 1; malicious trespass, 1; incest, 2; larceny, 3; violation of liquor laws, 19; total, 33.

And those found at the October term stand as follows:

Larceny, 1; defective highway, 1; embezzlement, 1; assault, 1; assault with intent to kill, 1; perjury, 1; burglary, 5; violation of the liquor law, 16; total, 27.

Of the indictments for violation of the liquor laws, a large number, both of the old and new cases, were procured on what is known as "spotter's evidence," and had only this kind of evidence so far as I could learn to support them had any of them come to trial before the petit jury. This class of evidence naturally lacks those essential elements of strength necessary to produce conviction in the minds of a jury, and sole dependence on such evidence would be likely to result in defeat, and put the County to expense to no purpose. Moreover, we do not believe that either in a legal or moral sense it is good policy to encourage the hiring of witnesses to procure evidence against a citizen, when such witnesses have no other or better motive than the gratification of their own selfish greed for gain. The character of those who will lend themselves to such use is such as to create grave doubts of the truth of their evidence. It is a practice which has been condemned in all ages and among all peoples, as pernicious in its influence and dangerous in its results. Moreover, where a

man goes to another and by false representations induces him to commit a crime, it is not at all clear that he is not thereby himself guilty of being an accessory before the fact, and himself liable to indictment and prosecution therefor.

Magistrates are again reminded to send in their copies to the Clerk of Courts before each term of court, with fees, names of witnesses, etc., properly indorsed on same. It will save needless delays in adjustment of the pay rolls.

Those who may wish at any time to present evidence before the Grand Jury are reminded that one or two good witnesses are all that is necessary, in most cases, to procure an indictment, and a larger number only unnecessarily adds to the expense of the County.

The County is to be congratulated on the speedy apprehension and punishment of several burglars who had been operating in our midst during the past year. The details of these cases appear above.

Respectfully submitted,
J. F. LIBBY, Solicitor.

AUDITORS' REPORT.

To the Citizens of Coos County:

The undersigned, auditors for the County of Coos, having attended to their duties, report that they have examined the accounts of Superintendent of County Farm, County Commissioners and County Treasurer, and find them correctly cast and substantiated by proper vouchers.

We would suggest that a better system of bookkeeping be adopted at the County Farm. We would recommend that the Commissioners look more after the purchases of goods and buy in larger quantities. An inventory of stock should be kept at all times, and a set of books kept showing the actual standing of the Farm at all times.

We would also recommend that the County Treasurer pay all bills of the County on an order issued by the County Commissioners.

We would also recommend that all County officers who have any County funds in their hands, be requested to pay the same to the County Treasurer at least every term of court. We think the proper custodian of the County's funds is the County Treasurer.

We trust that these recommendations will meet with the approval of the County Commissioners. A business that is worth doing at all, should be done well.

JAMES C. TRICKEY, }
HERMAN E. OLESON, } Auditors.
